

Poison Safety Coloring Book

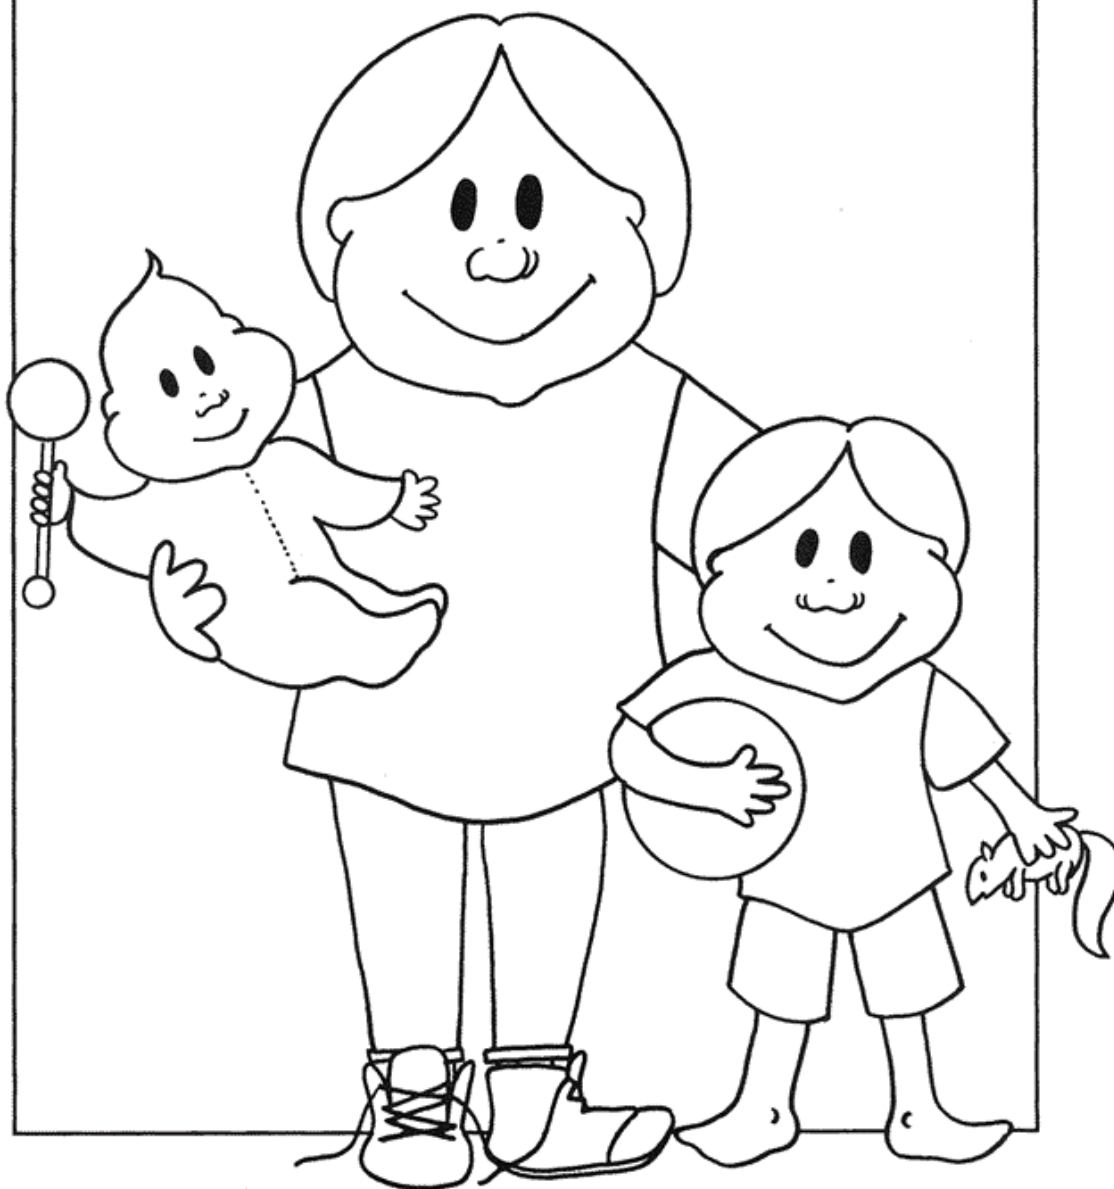

Always call The Regional Center for Poison Control and
Prevention if you have a question about a poison or a poison
emergency! **1-800-222-1222**

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

Sometimes instead of going out to play,
you will have to take care of your little
brother or sister.

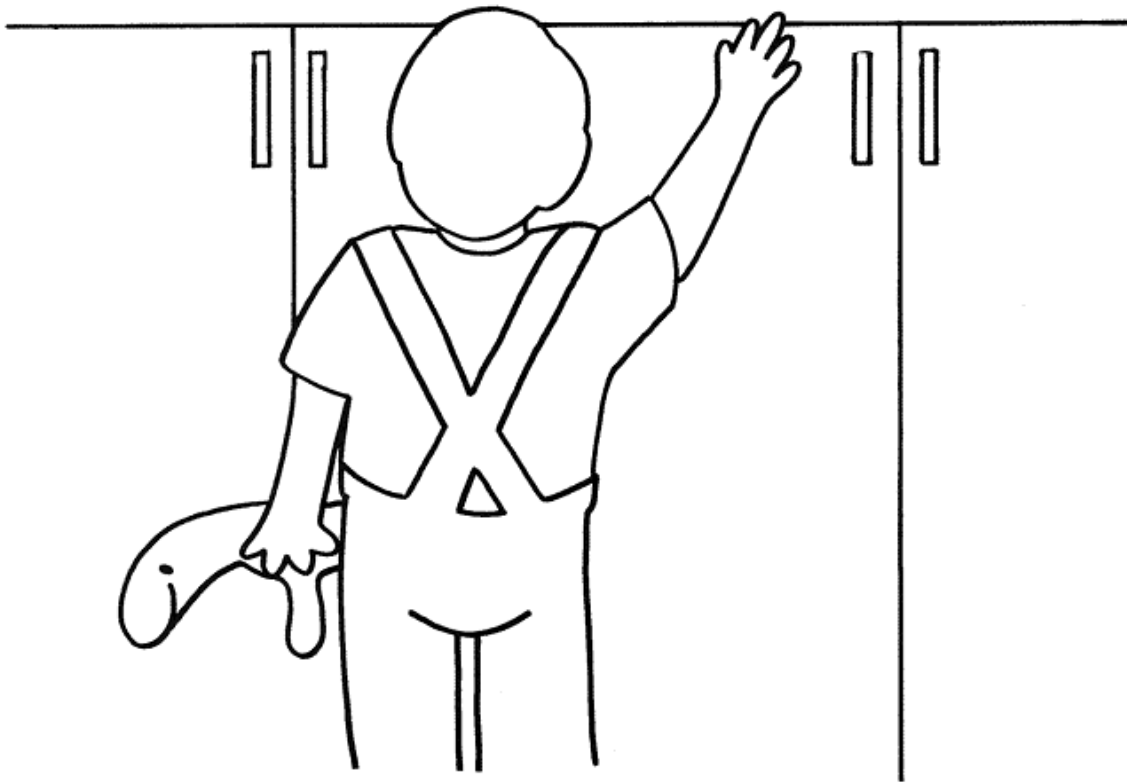

Always call The Regional Center for Poison Control and
Prevention if you have a question about a poison or a poison
emergency! **1-800-222-1222**

Babies can't read, so dangerous
cleaners must be kept out of reach!

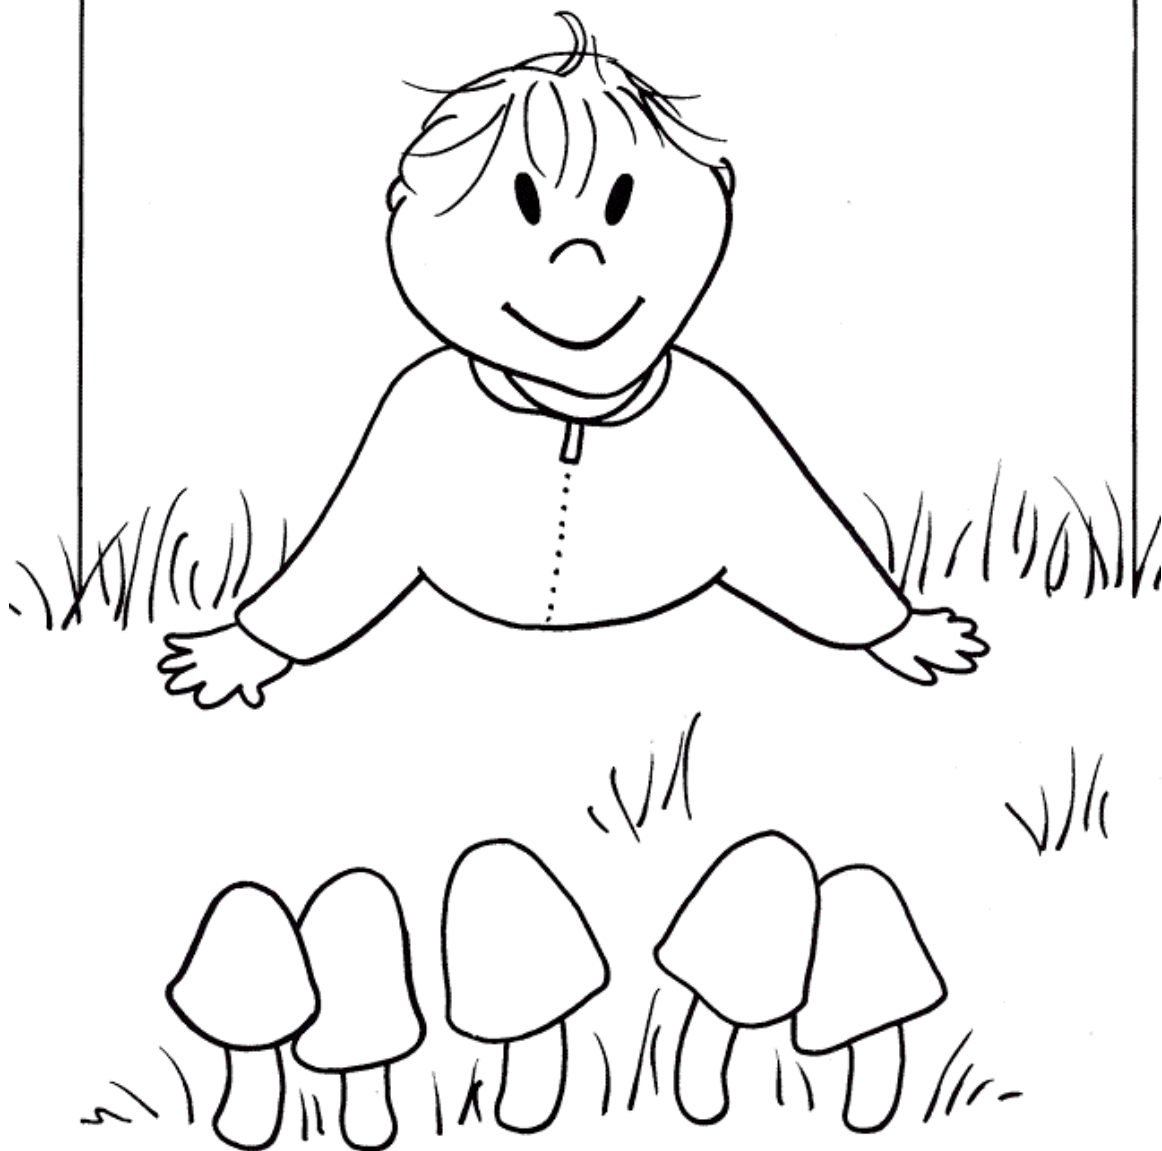

Always call The Regional Center for Poison Control and
Prevention if you have a question about a poison or a poison
emergency! **1-800-222-1222**

Little children can't tell the difference between medicine and candy. All medicines, even vitamins, should be locked up, safe from little hands.

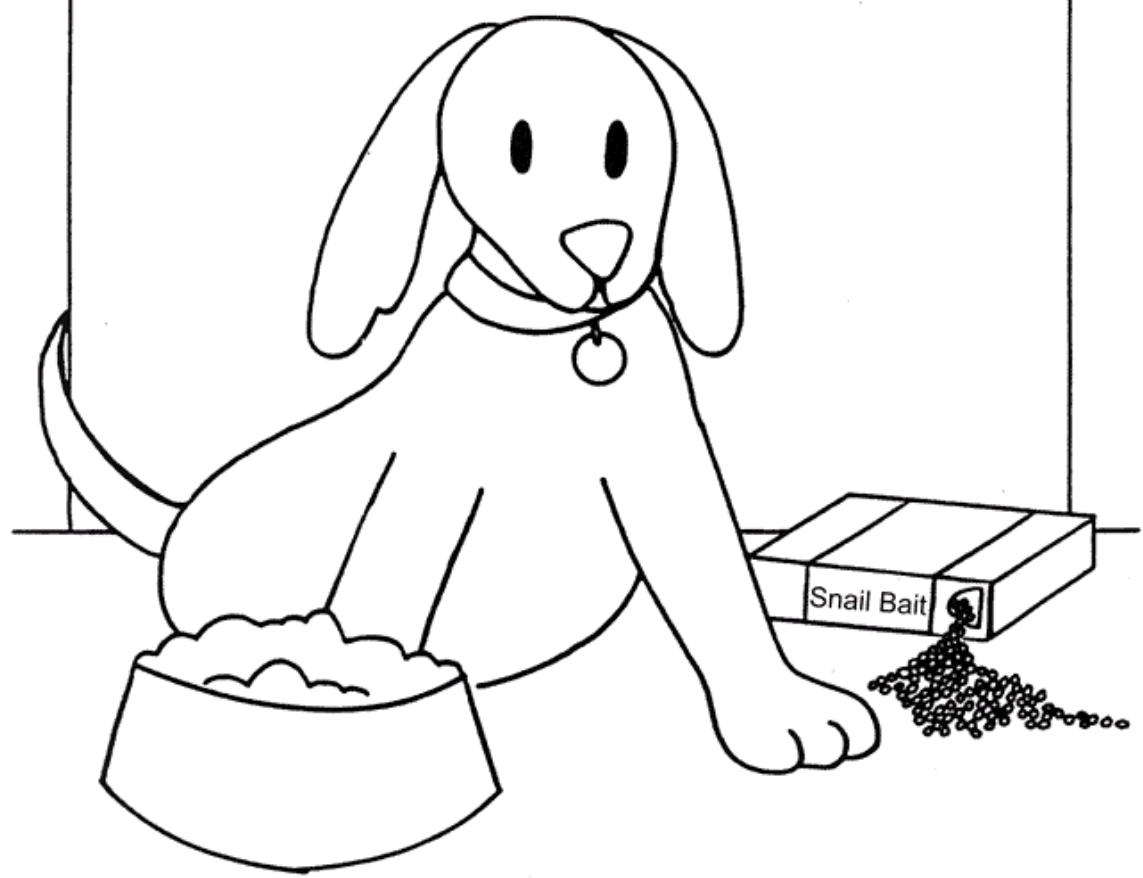

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

Mushrooms, berries and outdoor plants can be very dangerous. Make sure little children don't eat them.

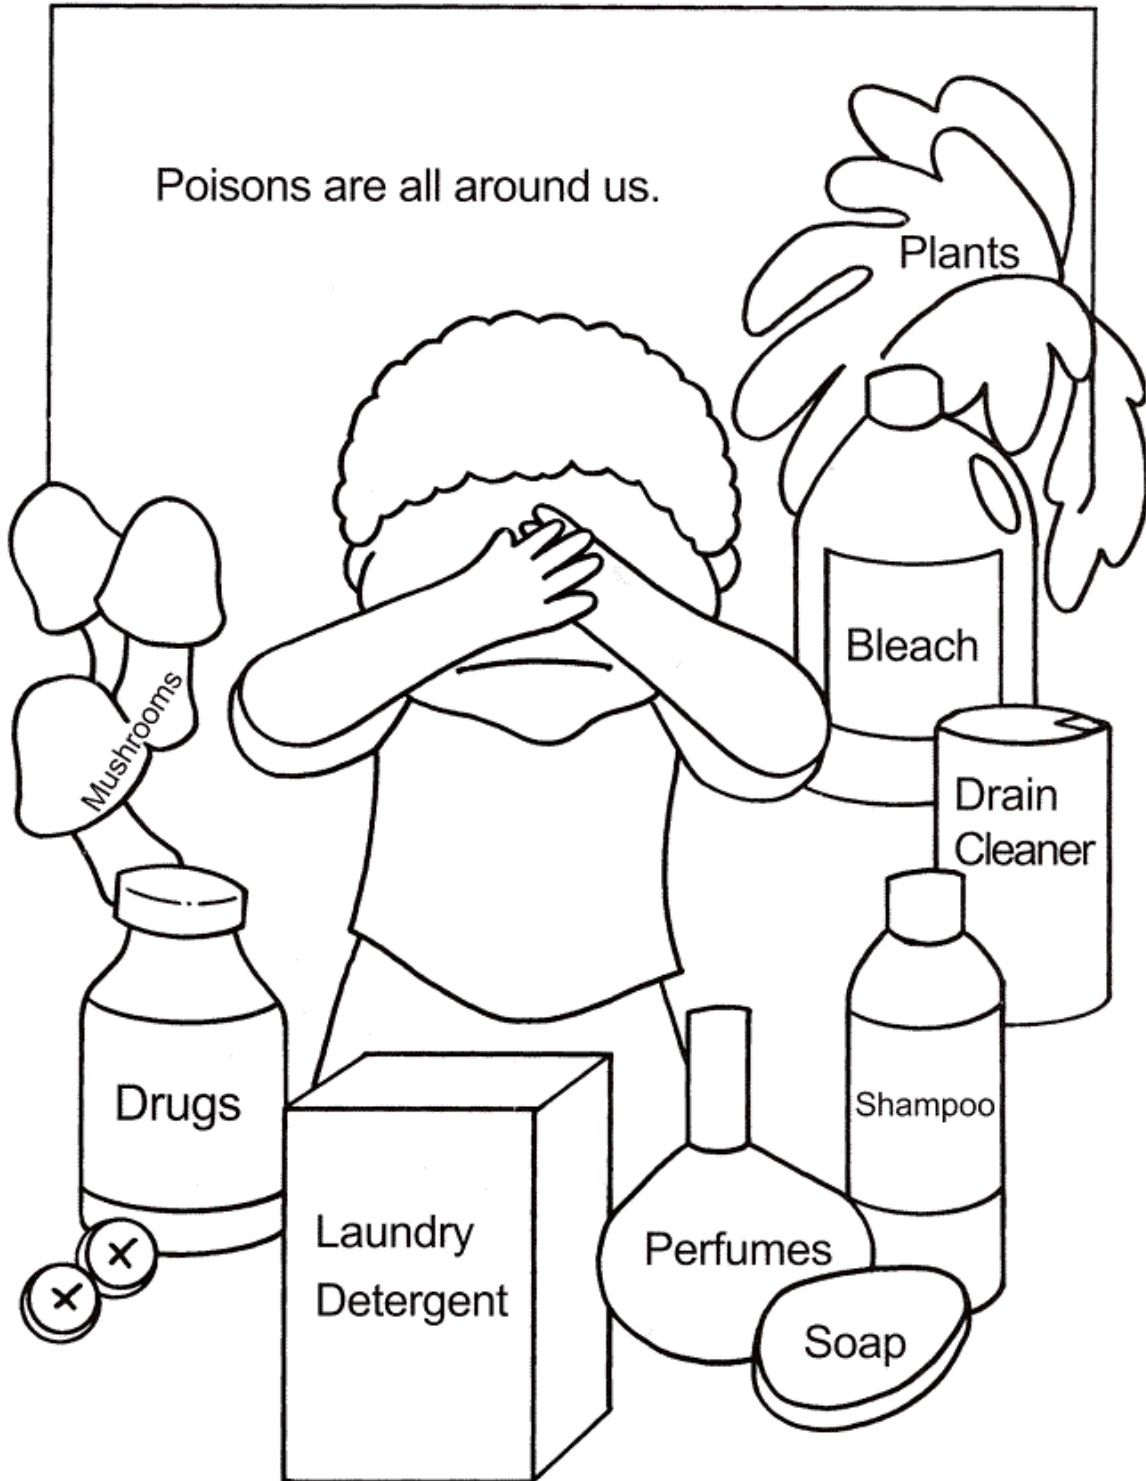

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

Pets can be poisoned too! Make sure your pet can't eat something dangerous.

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

Detergent

Perfumes

Soap

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

When little children find something pretty
or new, they put it in their mouths.

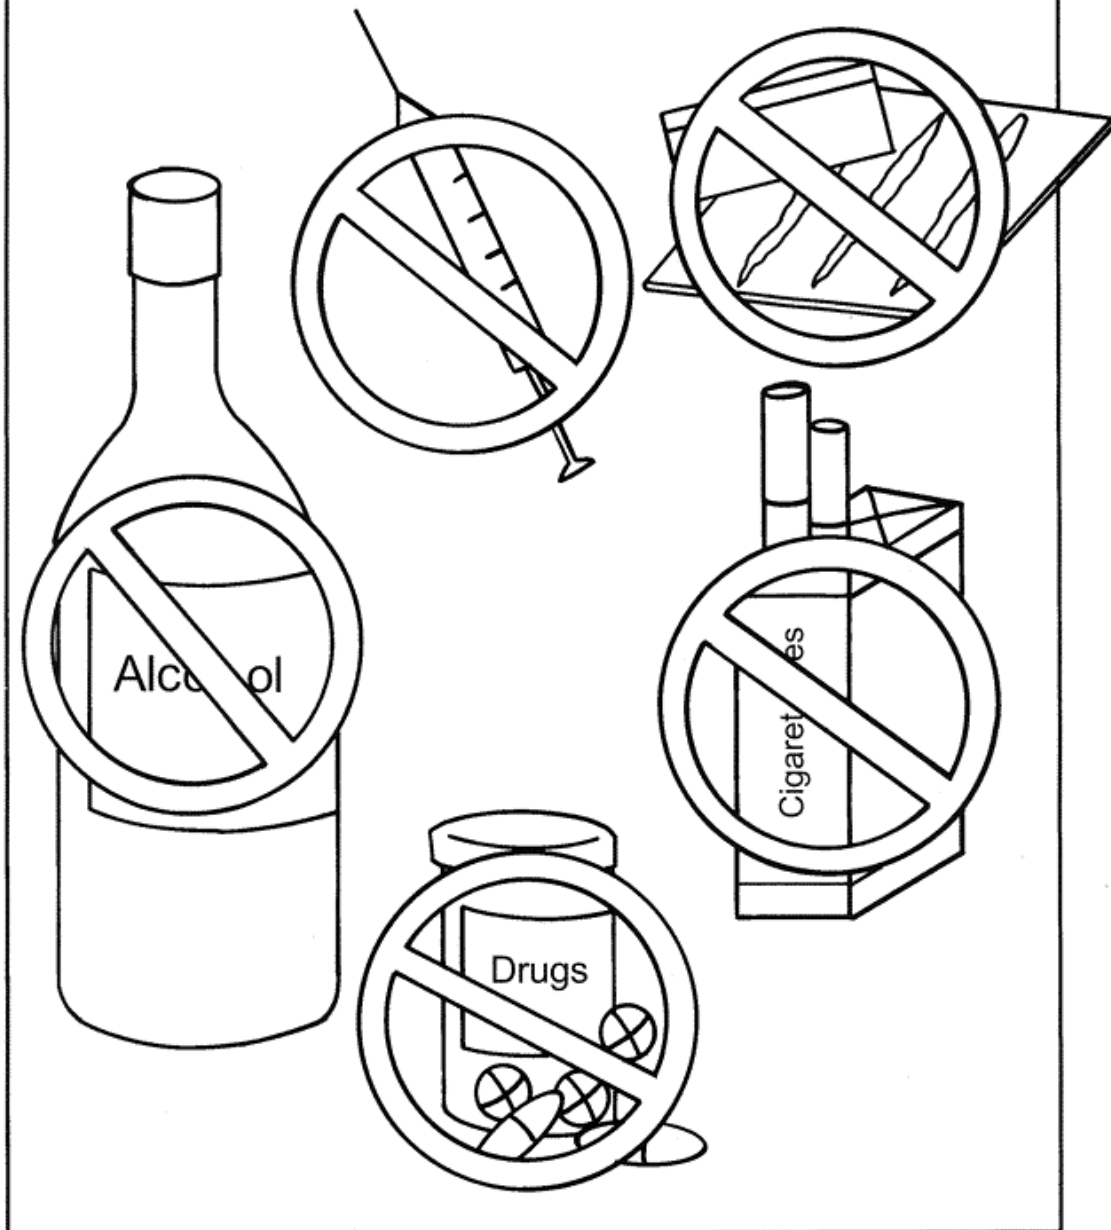

Always call The Regional Center for Poison Control and
Prevention if you have a question about a poison or a poison
emergency! **1-800-222-1222**

When you are outside, watch out for bites and stings.

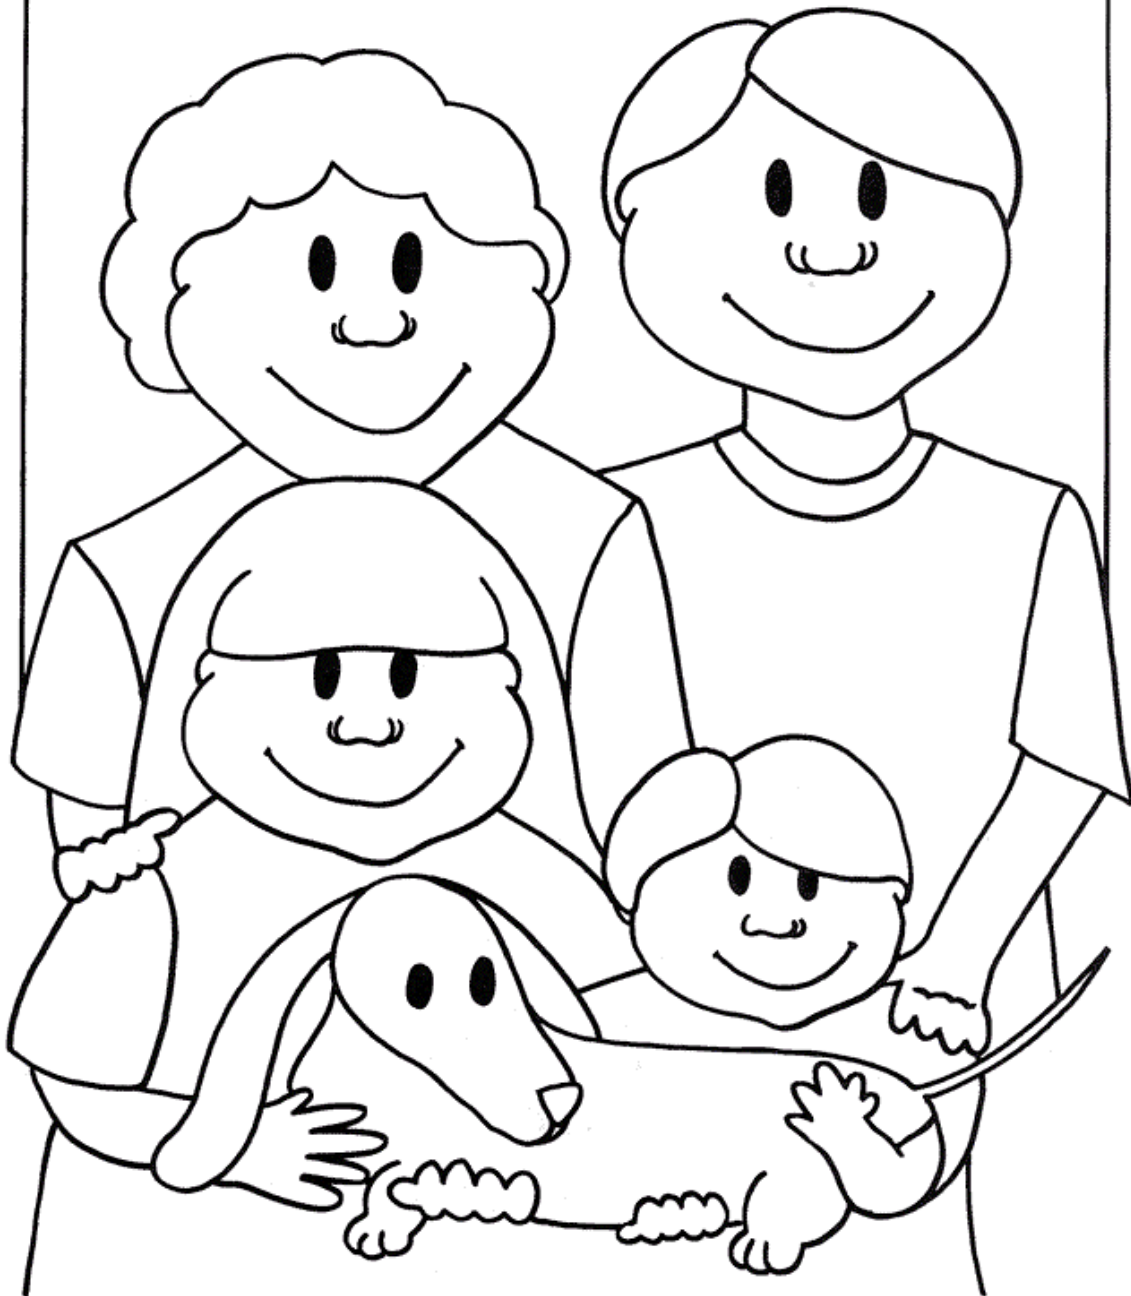

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

Smoking, drinking and taking drugs is **NOT** grown-up. Don't even try them!

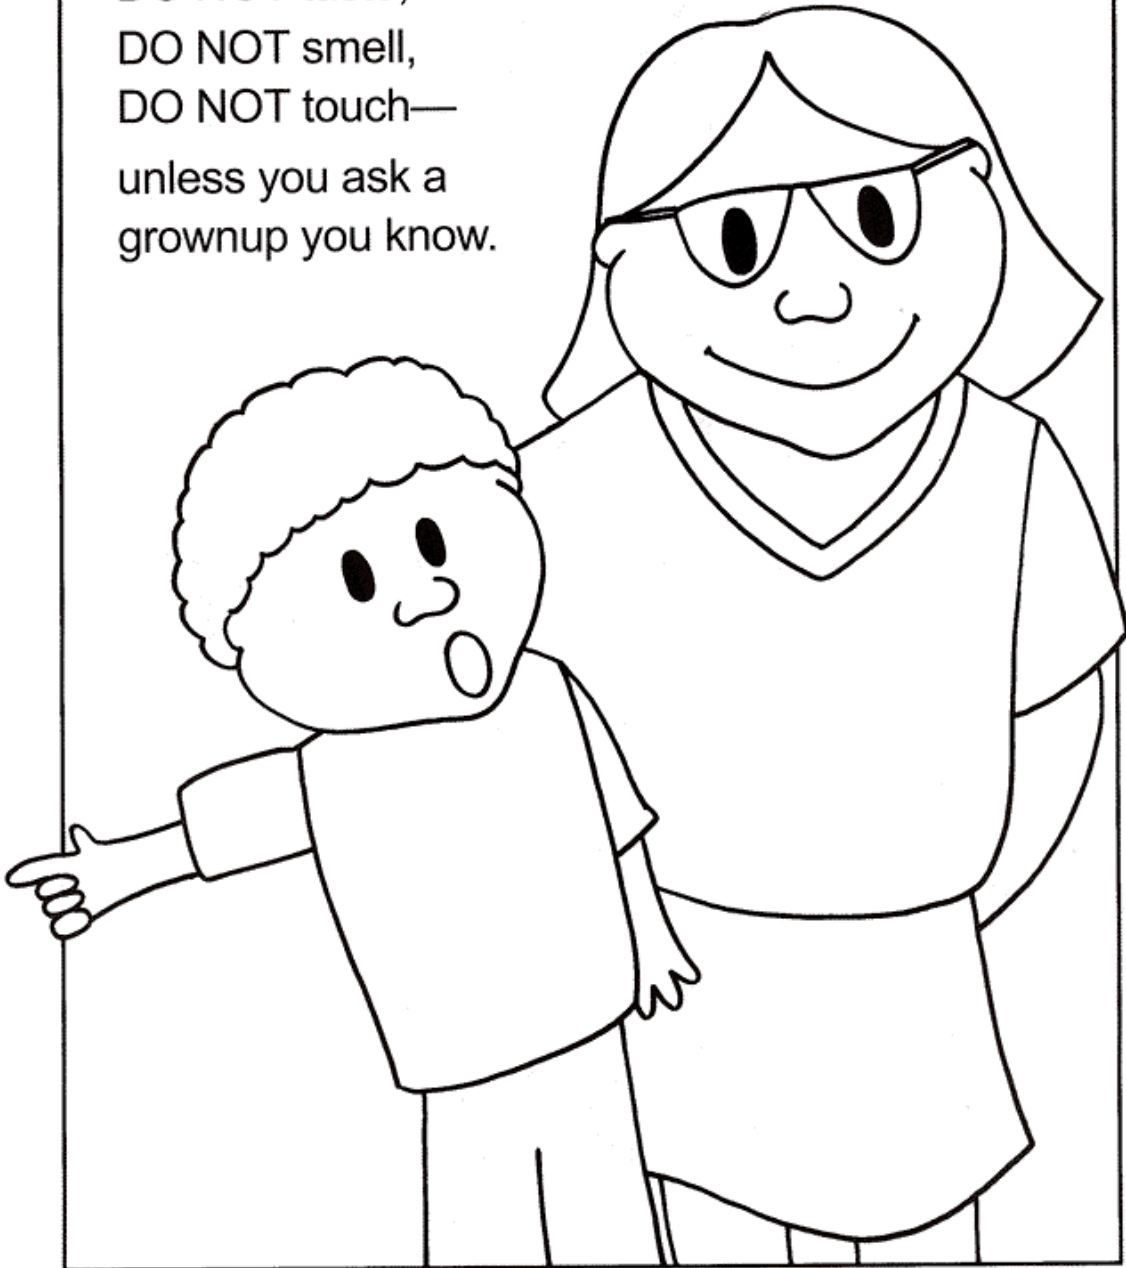

Always call The Regional Center for Poison Control and Prevention if you have a question about a poison or a poison emergency! **1-800-222-1222**

We want to keep our homes and yards
safe for our family and pets!

Always call The Regional Center for Poison Control and
Prevention if you have a question about a poison or a poison
emergency! **1-800-222-1222**

Remember—
DO NOT taste,
DO NOT smell,
DO NOT touch—
unless you ask a
grownup you know.

Always call The Regional Center for Poison Control and
Prevention if you have a question about a poison or a poison
emergency! **1-800-222-1222**

If you have a poison emergency and there is
no help, call

9-1-1.
